PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

25X1D

Lesozavodsk Military Area Ussuri Station is located immediately southeast of Lesozavodsk (Figure 1).

The installation covers approximately 90 acres and contains 6 barracks, 1 administration building, 18 storage buildings, 7 vehicle sheds, storage buildings, 10 support buildings, an athletic field, and a small-arms firing range (Figures 2 and 3).

KEYHOLE missions of interpretable quality covered the installation from

Comparative analysis indicates that the installation probably was constructed prior to and possibly prior to

coverage individual buildings could not be identified. Track activity has remained constant at a light to medium level. A training area was reported to be located immediately east of this area; however, a study of available photography cannot confirm this.

DESCRIPTION OF INSTALLATION

Railroad Service

A single-track rail line passes 0.5 kilometers east of the installation.

Road Service

A secondary, probably all-weather, road connects this area with Lesozavodsk.

Administrative and Troop Housing Area

Area D contains 6 barracks, 1 administration building, and 4 support buildings. The area is road served and partially secured by a single fence.

General Storage Areas

Area E1 contains 4 storage buildings and 2 support buildings. The area is road served and probably secured by a single fence.

Area E2 contains 14 storage buildings and is road served.

Other Buildings

Area H contains 3 support buildings.

Equipment Storage/Maintenance Area

Area J contains 7 vehicle sheds storage buildings (two 35 by 310 feet, one 35 by 250 feet, one 35 by 225 feet, and three 35 by 185 feet) and 1 support building. The area is probably secured by a single fence.

Athletic Field

Area K is an athletic field.

Small-Arms Firing Range

Area L is a 340- by 80-foot small-arms firing range. The level of activity is undetermined.
